

MB-15 LED Screen Trailer has an

excellent design for positioning high-end live stream outdoor events and activities. It has an approciate 17ft by 10fy outdoor fine pitch LED screen. This trailer LED screen size is popular for most of medium scale events and take brilliant visual experience for audience.

MB-15 mobile LED screen has many advantages than traditional rental LED display in terms of purchasing cost, labor cost, set-up time cost and maintenance cost. The hydraulic system on trailer can set up two LED screens together and make the LED screen lift and rotate in few minutes. It is very convenient for you to use.

MOBO high-end LED screen trailers allow you to show videos and brand message both day and night, indoors or outdoors. The MB-16 LED trailer is widely used for events, concerts, tailgating, graduations ceremonies, scoreboards, golf tournaments, demo-days, fairs, movie nights, watch parties, weddings, races, marathons, charity events, tent sales, political campaigns and much more.

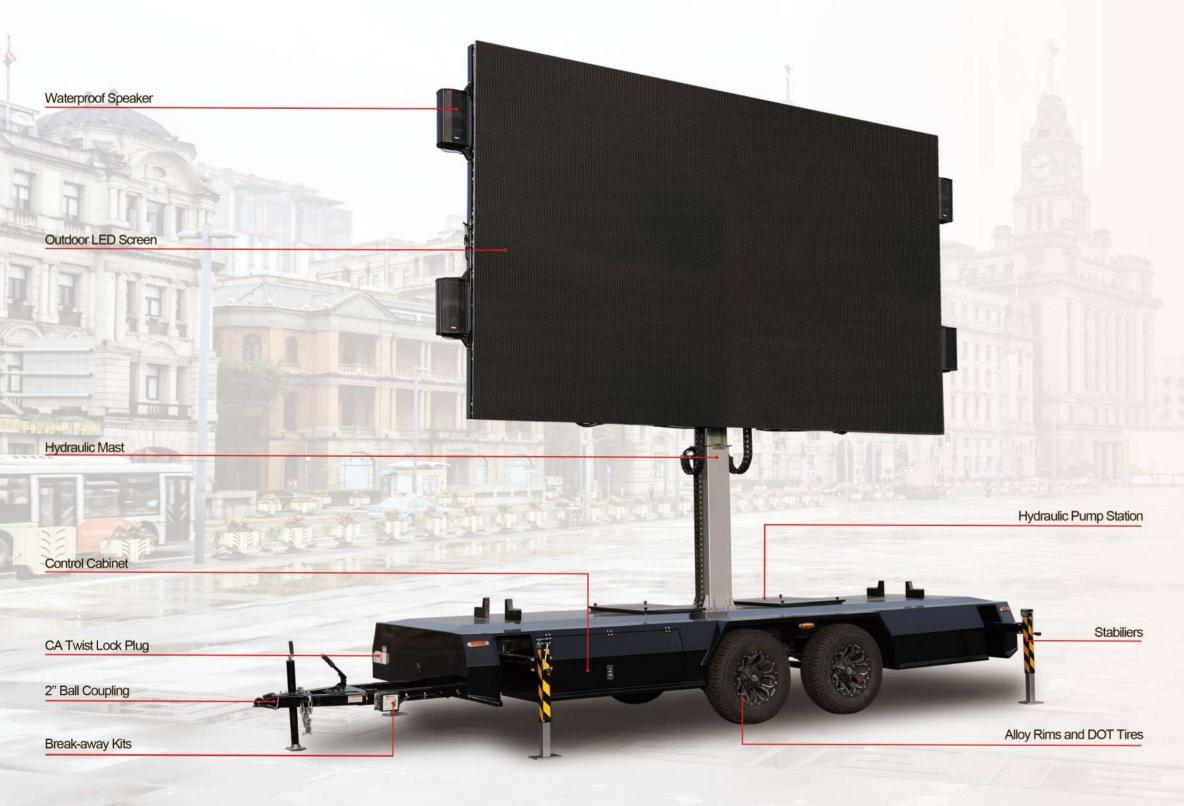

CAR SHOP

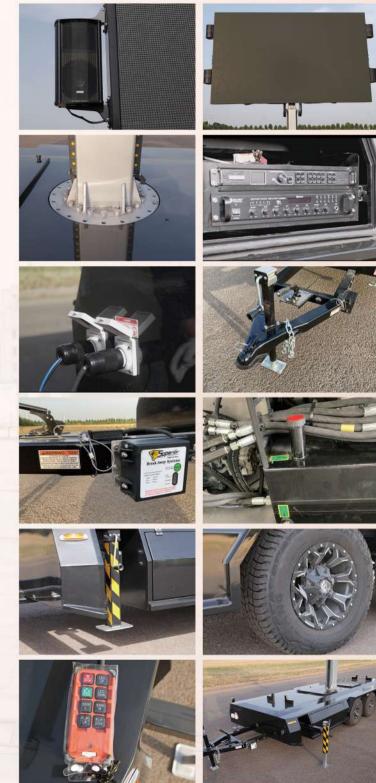

TRAILER STRUCTURE

Trailer Advantages

COMPLIED WITH DOT, U.S. REGISTRATION APPROVED

MOBO LED screen trailers comply with US DOT regulation. Each VIN of our trailers can be decoded on NHTSA(National Highway Traffic Safety Administration) system. You will get all necessary paperwork to register your trailer in the United States.

Components of our trailers such as LED lights, tires, coupler, braking system, plug cord, electric cables etc are also DOT approved.

YONG ANGXIA

IN FASHION SHAPE WITH PROFESSIONAL POWDER COATING

MOBO trailer has unique beautiful curve shapes and lines by hand-finishing metal plate work. Our 7-step powder coating makes better corrosion protection and attracts more sights, impressions and visual experience in your event. MOBO trailers are always in fashion instead of miserable designs.

ALUMINUM ALLOY RIMS & LARGER TIRE

Our Aluminum alloy rim and 265/70R16 larger size tires for you are lightweight but strong, withstand heat well and are generally more attractive than steel wheels.

HIGH STRENGTH RIGID TRAILER CHASSIS

Our trailer chassis is constructed with high grade materials to carry hydraulics and LED screen weight, extending chassis ride-life and offer advanced corrosion protection.

SMALL TRAILER FOOTPRINT

When screen folded, MOBO trailer has low height to drive on road with high safety. After parked, our trailer footprint is also small and does not take up any extra space. You can easily store the trailer or operate the trailer in limited space.

BREAK AWAY KITS WITH HIGH SAFETY

Our break away kits can ensure the LED screen trailer to stop in an emergency and avoid potential accidents while you are driving. It is made of premium PP material, rustproof, not easy to break, sturdy and durable.

WATERPROOF SIDE-OUT MEDIA CABINET

MOBO trailers have module side out media control cabinet. The cabinet is well sealed for waterproof and prevents dust coming into cabinet. Video control facilities are assembled on sliding rack drawer for convenient operation for you.

Trailer Advantages LED Screen Features

SMALL PIXEL PITCH & MAX. 2K RESOLUTION SOLUTION

MOBO trailer outdoor LED screen can give you small pixel pitch from 1.9mm, 2.9mm, 3.9mm, 4.8mm etc. Our highest screen solution can reach 2K visual performance to display your videos and images. MOBO trailer LED screen will supply your event with stunning visual effects!

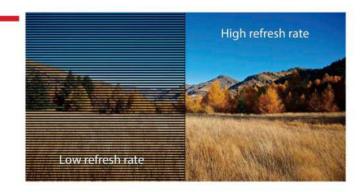

HIGH BRIGHTNESS AGAINST SUNLIGHT

With a great brightness of 5500nits (optional max. 7500nits), MOBO trailer LED screen clearly delivers content for outdoor visibility under strong sunlight. The screen brightness can be automatically adjusted depending on the ambient light at different time. MOBO trailer screen will offer a very comfortable brightness for your event.

HIGH REFRESHING RATE WITH SMOOTHER VISUAL EXPERIENCE

Our screen are 3840 Hz high refreshing rate with good photography effect. It contributes to stunning visual fidelity and incredibly smooth motion particularly in your fast-moving scenes, like watching sports, musical streaming or while playing video games.

LIGHT SCREEN WEIGHT, DURABLE CABINET

The die-casting Aluminum alloy cabinet structure is only 16.5lbs per cabinet. It is not easy to deform while greatly reducing the trailer weight. The screen and frame on MOBO trailer are also portable and light by visually appealing. You will get an impressive and shocking mobile LED screen.

GREAT FLATNESS LEVEL ON LED PANEL

MOBO trailer screen use high precision LED mask, PCB board and bottom shell. Skilled workers can assemble LED modules and cabinets well to make the whole screen flat. You will not have the problem of worst image presentation caused by flatness when you play the videos on MOBO LED trailer.

IP65 PROTECTION LEVEL

Our LED screen is designed for all-weather use in outdoor environment. The high protection grade of IP65 ensures durability, reliability, anti-ultraviolet properties, and stability. The high-standard sealing protection ensures the LED display cabinet dustproof, waterproof, and corrosion-resistant. The trailer will offer you with longer lasting service life.

FRIENDLY MAINTENANCE DESIGN

MOBO trailer screens are designed with cableless and pluggable power supply fast connection. Receiving card and power supply are in one detachable box. Even a beginner can easily learn how to disassemble of screen cabinet back cover and quickly plug in new spare parts.

LIFTING & ROTATING LED SCREEN

MOBO trailer LED screen has a standard lifting height of 12.6ft from the platform (can be customized with higher position). The screen can also be continuously rotated with 360 degree. The hydraulic operation is highly stable and can improve the interaction between screen and audience in your event. It greatly creates a better visual experience for you!

MOBC

Trailer Advantages

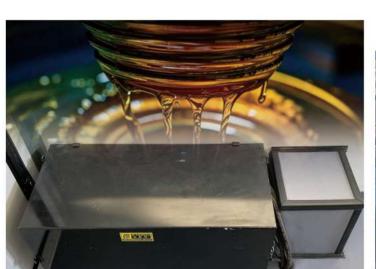

REMOTE CONTROLLER & WIRE CONTROL

MOBO trailers have two hydraulic operating modes. You can easily operate the hydraulics with our remote controller at a safe distance. The panel wire control is also available for optional use.

ONE WORKER, 15 MINUTES SETTING UP

After you park MOBO LED screen trailer, the screen set up can be easily done in about 15 minutes by one operator. With convenient hydraulic operation, MOBO LED trailer can greatly reduce your cost to set up the screen in all kinds of events.

AVIATION HYDRAULIC FLUID WORKING IN EXTREME WEATHER

All MOBO LED screen trailers use aviation hydraulic fluid. It is very high viscosity index for use over a wide temperature range in extreme climatic conditions, and has excellent wear protection in operaing environment. We use high reliable materials to make hydraulic system safer for you.

DOUBLE SIDE SCREEN VIDEO DISPLAY

After folding and splitting the big screen into two pieces, you can drive the trailer and display advertising videos and images on both sides to attract more traffic. You can make the most of MOBO LED screen trailer both in motion and stationary.

NOVASTAR VIDEO PROCESSOR

MOBO trailer uses NovaStar VX400 video processor as standard signal output equipment for trailer screen. This video processor can receive a variety of video signals such as SDI, HDMI, DVI etc. It processes high-resolution images and videos to present you with an excellent image display experience.
